SUPPLEMENTAL AMENDMENT

Sir or Madam:

Under the provisions of MPEP § 2001.06(b), the Examiner is hereby advised of information obtained from co-pending U.S. Patent Application(s) which may be "material to patentability" of the instant application (see *Armour & Co. v. Swift & Co.*, 466 F.2d 767, 779, 175 USPQ 70, 79 7th Cir. 1972).

The subject matter contained in the attached petition above may be deemed to relate to the present application, and thus may be felt (with or without reasonable justification) to be material to the prosecution of the instant application.

Copies of cited U.S. patent application(s) (office actions, specification, claims, and the drawings) or copies of the portion(s) of the application(s) which caused it(them) to be cited, including any claims directed to such portion(s) are attached hereto.

Copies of the cited U.S. Patent Application(s) (office actions, specification, claims, and the drawings) and U.S. Patents are available on the U.S.P.T.O.'s Image File Wrapper. Therefore copies thereof need not be attached.

The materials in the envelope are considered trade secrets and are being submitted for consideration under MPEP § 724.

Any and all of the listed co-pending applications are not to be construed as prior art. By bringing the above-listed information to the attention of the Examiner, the Assignee does NOT waive any confidentiality concerning the above-listed co-pending application(s) or this application. See MPEP §101. Furthermore, if said application(s) should not mature into patents, such application(s) should be preserved in secrecy under the provisions of 35 U.S.C. § 122 and 37 C.F.R. § 1.14.

Respectfully submitted,
